The Division of Enrollment Services includes six administrative departments: The HUB, University Registrar's Office, Student Financial Aid, Student Accounts Office, Summer Studies, and Campus Affairs Systems. The division leads and delivers integrated administrative services that support students' academic goals from enrollment through graduation. At the same time, the staff strives to champion collaborative administrative services and counsel for all CMU campuses and programs in alignment with the university's strengths in technology and effectiveness.

2014–2015 Cost of Attendance

The budgets depicted below reference a typical Resident, Commuter or Off-Campus Student. The university reserves the right to change its charges without notice.

The academic year tuition charges are for all full-time undergraduate students. A full-time student is one registered in a degree program and carrying a schedule of at least 36 units per semester. A student enrolled for less than 36 units per semester will be charged tuition on a per-unit basis.

Note: All incoming freshmen are required to live on campus. Permission to live off-campus must be granted by Student Affairs.

Health Insurance

In addition, minimal health insurance coverage is required at an estimated cost of $1,144/year, unless a waiver is granted because you are covered under your family's health plan. Enhanced health insurance coverage is suggested for international students at an estimated cost of $2,500/year. Complete information about the university's Health Insurance Policy and options, as well as the waiver requirements, is available at http://www.cmu.edu/health-services/student-insurance/.

University Registrar’s Office
John Papinchak, University Registrar
Fax: (412) 268-6651
E-mail: university-registars-office@andrew.cmu.edu

The University Registrar’s Office (URO) performs the essential roles of administering the collection and maintenance of student records, ensuring their accuracy and integrity, and enforcing academic policies while providing the best possible services. The University Registrar’s Office aspires to provide exceptional, environmentally-conscious services, while anticipating and meeting growing customer requirements with innovative processes, training and self-service applications. The office strives to foster and promote an environment of professional development and appreciation.

The University Registrar’s Office produces a complete calendar of important dates and deadlines for the academic year, which can be found on The HUB website (http://www.cmu.edu).

Undergraduate Enrollment
Enrollment is the process whereby eligible students notify Enrollment Services that they will be attending the university by registering for courses and settling their student accounts. Enrollment must be completed before students may begin classes and before they may utilize university facilities.

Complete information about the enrollment process, as well as registration and payment deadlines, are listed on the Official Academic Calendar, located on The HUB website (http://www.cmu.edu).

Registration
Registration is the process of selecting courses for the upcoming semester and discussing those selections with an academic advisor. We strongly encourage you to meet with your academic advisor before you finalize your selections and register for courses using Student Information Online (SIO) (https://s3.as.cmu.edu/sio/#schedule-registration).

For most entering freshmen, registration is accomplished during the summer, with the assistance of Associate Deans and department heads. Academic placement and elective choice information is collected by mail questionnaires during June and July. Most freshmen receive their schedules and enrollment information prior to the first day of classes.

Currently enrolled students select their courses for the upcoming semester during Registration Week, prior to the end of each semester. The Schedule of Classes is available online prior to Registration Week, listing available courses along with general enrollment information. The university reserves the right to make changes to hours, units or instructional staff when such changes seem necessary or advisable. A link to the online Schedule of Classes is provided on The HUB website (http://www.cmu.edu). Although faculty advisors are provided, it is the responsibility of students to have clearly in mind what they intend to do, what elective courses they wish to pursue and what irregularities exist which may affect their present schedule.

Students are not permitted to register in courses for which the prerequisites have not been satisfied. Exceptions to the rule may be granted only upon the recommendation of the teaching department concerned. Unless the prerequisites are satisfied or special approval is obtained when the student enters the course, no credit can be allowed for the course.

PCHE Cross-Registration
Cross-College and University Registration Guidelines - PCHE (Pittsburgh Council on Higher Education)

Cross-registration provides opportunities for enriched educational programs by permitting full-time paying undergraduate and graduate students to cross register for one course at a Pittsburgh Council on Higher Education (PCHE) Institution. Students who are paying full-time Carnegie Mellon tuition (per the requirements of their home college) are eligible. The PCHE course may not count towards full-time status. There is no additional tuition charge, except for special course or laboratory fees. Carnegie Mellon students do not acquire status at the Host Institution, but are given library and bookstore privileges. Credit and grades are transferred directly to the home institution. Cross-registration is not applicable during the Summer Session(s) or during intersessions.

For more information, visit http://www.cmu.edu/hub/registration/undergraduates/cross/.

Faculty Course Evaluations (FCEs)

Students play an integral role in the academic life of the university when they participate in the evaluation of the faculty through the Faculty Course Evaluation process. FCE data is important in the evaluation of teaching and learning, as an important piece of the promotion and tenure process and as part of the process of course design and improvement. Student participation in the FCE process is critical to the university’s commitment to quality teaching and academic excellence. Students are strongly encouraged to participate in the process with constructive feedback that is relevant to teaching and course content. More information on the University Course Assessment process and results from previous years can be found at the FCE website (http://www.cmu.edu/hub/fce).

Student Financial Aid
Linda Anderson, Director of Student Financial Aid
http://www.cmu.edu/finaid/

In alignment with the university’s enrollment goals, Student Financial Aid consistently optimizes the utilization of all financial aid resources in order to recruit and retain a high quality and diverse student population. Student Financial Aid strives to deliver superior services that exceed the expectations of students, parents, and internal and external constituencies. Student Financial Aid identifies, creates and delivers strategies that facilitate the integration of financial aid policies. These policies align with current and future university recruitment, retention and enrollment priorities.

How Aid Works
Our financial aid program is need-based, meaning that all aid eligibility is determined by a student’s family’s financial circumstances. While a student and his/her family have the primary responsibility for paying for college, financial aid can bridge the gap between the total costs and the family’s ability to pay.

We use a standard method to carefully review a family’s financial circumstances and establish an expected contribution from the student and family. If we determine that the family cannot meet the student budget
Types of Financial Assistance Available

There are several types of financial aid available to students, such as the following:

- Federal and Private Loans
- University Scholarships
- Outside Scholarships
- Federal and State Grants
- Student Employment

A full listing of these, as well as more information on each type, is available at http://www.cmu.edu/financialaid/basics/undergraduate/types.html.

Carnegie Scholarship

Carnegie Scholarship offers a Carnegie Scholarship to incoming freshmen. Carnegie Scholarships are awarded to academically and artistically talented middle income students who qualify for little to no need-based financial aid. Carnegie Scholarships are open to all qualified U.S. citizens and permanent residents, regardless of race or national origin. Students must apply for need-based financial aid to be considered.

Students must submit the 2014-2015 FAFSA in order to be considered for Carnegie Scholarships. Besides the FAFSA, if awarded a Carnegie Scholarship, students must complete the CSS PROFILE and submit all required tax documents before the scholarship will be credited toward the student’s account. Scholarship winners will be notified in their notification of financial aid.

The Carnegie Scholarship is renewable for 8 semesters of undergraduate education (ten semesters for Architecture students), if satisfactory academic performance is maintained and you are assessed Carnegie Mellon tuition. The scholarship is only awarded to incoming freshmen during the admission process and renewed annually if the student meets the cumulative 2.0 QPA requirement.

Students with a parent who is an Carnegie Mellon employee who qualifies for tuition remission are not eligible for a Carnegie Scholarship.

Satisfactory Academic Progress

The Department of Education requires recipients of Federal Title IV Financial Assistance to meet academic progress standards each year. Federal Title IV Financial Assistance includes the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Federal Perkins Loan, Federal Work-Study, Federal Direct Student Loan and Federal Direct PLUS Loan Programs. Each university determines its own policy regarding sufficient progress standards. Federal academic progress standards must include two elements: cumulative QPA and cumulative units. At Carnegie Mellon, we define this as follows: first-year freshman students must pass 80 percent of all cumulative units attempted at Carnegie Mellon and have a 1.75 cumulative QPA after the first year, all other students (excluding graduate students in the Tepper School of Business and Heinz) must pass 80 percent of all cumulative units attempted at Carnegie Mellon and have a 2.00 cumulative QPA.

Carnegie Mellon has established a maximum time-frame of twelve (12) semesters for students to finish a program and receive financial aid.

Outside Scholarships

If you receive outside scholarships, they will be used to meet your unmet financial need and where applicable, offset/reduce loans and workstudy.

Institutional grants and scholarships will not be reduced due to the receipt of outside scholarships unless one of the following conditions occur:

1. If you receive federal grants or loans, these funds, in combination with any outside scholarships, cannot exceed your financial need.
2. All outside scholarships, in combination with all aid received, cannot exceed your cost of attendance.

Outside scholarships are not from federal, state or institutional (school) sources, such as a Federal Pell Grant or FSEOG. Examples of outside scholarships are: Coca Cola, Rotary scholarships, etc.

Student Account Invoices (E-Bills)

Student account invoices (E-Bills) are produced on the last day of each month. Invoices detail all transactions processed in the month, as well as any charges due in the future. Students receive an e-mail notification from the Student Accounts Office when a new E-Bill is ready for viewing on Student Information Online. Payments for amounts due from a monthly E-Bill must be received by the 15th of the next calendar month.

All student account invoices are available to view, print, or download through Student Information Online (SIO). Students can log onto Student Information Online (https://s3.as.cmu.edu/sio/#home) with their Andrew ID and password.

Billing Authorizations

Since paper student account invoices are not produced and mailed, students can authorize Carnegie Mellon to send a copy of their E-Bill to another individual (parent, spouse, etc.) or other individual bill payer’s e-mail address. After completing the authorization process, designated recipients will receive an e-mail with a PDF attachment of the E-Bill and any related billing messages.

More information can be found at http://www.cmu.edu/hub/ebill-mps-instructions

Student Account Interest Charges

Any amounts not paid by the stated due date are subject to a 1.5% interest charge each month until the balance is paid in full.

Tuition Assessment

The tuition charged to each student will be automatically adjusted on the 10th regularly scheduled class day (refer to the specific date noted in the Official University Calendar (http://www.cmu.edu/hub/calendar.html) as the “last day to add courses”) based upon each student’s schedule at that time. The tuition charged will be increased whenever the number of units added justifies tuition charges greater than those paid by the student at the time of fee settlement. After that time, no tuition adjustments will be made, with the exception of second minis for that particular semester.

For additional information, see University Policies (http://coursecatalog.web.cmu.edu/servicesandoptions/universitypolicies/#tuitionadjustmentpolicy).

Payment Options

Carnegie Mellon University is pleased to offer a wide variety of payment options to students and their families. A full listing of these, as well as more information on each type, is available at http://www.cmu.edu/hub/billing/payment/index.html.

Refunding

Refunds

If a student account has a negative balance resulting from an overpayment, financial aid, or a reduction of charges, the Student Accounts Office will review the account and issue a refund. If you have a negative balance and do not want a refund to be generated, please contact The HUB so they can update your account.

Electronic Refunds

The Student Accounts Office encourages all students to authorize electronic deposit of their student account refunds directly into their U.S. checking or savings accounts. Taking advantage of this opportunity eliminates the need to stand in line at The HUB to pick up a refund check and makes the funds available to the student within two business days. To enroll, students simply need to add a bank account on Student Information Online (https://s3.as.cmu.edu/sio).

Paper Checks

If you have not signed up to receive electronic refunds, your refund will be generated as a paper check that must be picked up in The HUB. Students who are issued a paper check for a student account refund have six months to cash the check. If the check is not cashed within six months, it will be voided and credited back to the student account and applied to any outstanding charges.
