

# Business Administration, Minor

## Course Requirements

### Required

|           |                                           | Units |
|-----------|-------------------------------------------|-------|
| 70-100    | Global Business <sup>1</sup>              | 9     |
| or 70-101 | Business Strategy Fundamentals            |       |
| 70-122    | Introduction to Accounting                | 9     |
| 73-102    | Principles of Microeconomics <sup>2</sup> | 9     |
| or 73-104 | Principles of Microeconomics Accelerated  |       |

<sup>1</sup> 70-106 Business Science can substitute for 70-100 or 70-101 only if 70-106 has already been completed by a former primary business administration major.

<sup>2</sup> If a student successfully passes the 73-102 waiver, this requirement is waived and the student must take an additional 9 units of either constrained or business electives as defined by the minor.

### Constrained Elective (*choose one*):

|        |                         |   |
|--------|-------------------------|---|
| 70-311 | Organizational Behavior | 9 |
| 70-371 | Operations Management   | 9 |
| 70-381 | Marketing I             | 9 |
| 70-391 | Finance                 | 9 |

### Business Electives

18 units of coursework at 70-3xx level or above

The electives **cannot** include: the Business Leadership Endeavor courses (70-104 Business Leadership Endeavor I, 70-204 Business Leadership Endeavor II, 70-304 Business Leadership Endeavor III), 70-207 Probability and Statistics for Business Applications, 70-208 Regression Analysis, and Independent Study/Internship courses.

**Note:** Students with a primary major in Information Systems using the Business Administration minor to complete the Information Systems concentration have restricted course options by the Information Systems major and should consult with their primary major advisor.

### Double-Counting

While there are no double counting restrictions between the minor and the student's home college general education requirements, only one minor course may double-count with any other major or minor requirements. The Minor in Operations and Supply Chain Management allows an additional double-count for a total of 2 courses that may double-count with any other major or minor requirements.
